

SUNIL KUMAR

CAREER OBJECTIVE

I'm an engineering graduate looking for an entry-level software engineer or cloud computing position to start my career and to take on a challenging role to develop my skills and knowledge

QUALIFICATION

B.E. Electrical and Electronics Engineering, (2017-2021) Panimalar Engineering College, CGPA – 7.94

HSC

Sri Gnanananda Matric. Hr. Sec. School, Academic Year: 2016 – 2017 (86 %)

SSLC

Sishya Matric Hr.Sec School, Academic Year: 2016 – 2017 (94 %)

AREA OF INTEREST

- Web Development.
- Cloud Computing.
- Networking

CERTIFICATION

Web Development Bootcamp

TECHNICAL SKILLS

FULL STACK WEBDEVELOPMENT

- Front-end technology
 - HTML5, CSS3, JavaScript
 - Third-party libraries like jQuery and ReactJS
- Development Languages
 - Using flask-python or Nodejs to serve website
- Database
 - Knowledge of various DBMS technology like MySQL, MongoDB
- Server
 - Exposure in handling nginx servers.
 - Using Linux for administering servers.

OPERATING SYSTEM

- Linux
- Windows

AWS CLOUD COMPUTING

- Elastic Compute Cloud (EC2)
 - Setting up Amazon Machine Image (AMI)
 - Attaching IAM role for EC2, EBS volume to instances
 - Choosing right type of instances for cost optimizations
 - Creating Placement groups
- Simple Storage Service (S3)
 - Creating S3 buckets
 - Enabling S3 bucket properties like Encryption, Bucket policies, logging and versioning
- Identity Access and Management (IAM)
 - Creating users, roles, groups and policies
 - Attaching policy to users and groups

HANDS-ON EXPERIENCE

- Hosted a React website using Amazon EC2 instance with ubuntu-nginx config.
- Deployed a MERN Stack application on AWS

INTERPERSONAL SKILLS

- Quick Learner.
- Positive can-do attitude.
- Able to adapt myself to the environment

ACADEMIC PROJECT

An IOT based security bot surveillance system

HOBBIES

- UI/UX Designing
- blogging about tech.
- Building Custom PCs.

PERSONAL DETAILS

- DOB : 27-06-2000
- Languages Known : Tamil, English
- Address : Thirukovilur, Villupuram – 605759.
